

go for the **GREEN** campaign

New **fundraising** offer by Golf: Inside & Out is

a win-win-WIN!

the deal:

David Geier's Golf: Inside & Out is offering your non-profit organization 3 three-hour golf training packages at a reduced tuition to maximize your income for your next fundraising activity. Each golf training package has a retail value of \$450.

the win, win, WIN solution:

Example: Your organization sells all three golf training packages for a grand total of \$1,200 or \$400 per package. Golf: Inside & Out receives \$825 or \$275 per package (to provide the golf training service) and your organization keeps the difference of \$375 or \$125 per package. The buyer (of course) receives the tax deduction. (Imagine golf training as a tax write-off. What golfer wouldn't want that?) The golf training packages are ideal for live auctions, silent auctions, on-line auctions and side boards. There is no out-of-pocket cost if a minimum bid is not obtained. (The minimum bid is suggested at \$300.)

*Golf training package is a group experience. One-on-one training is an additional \$100 to be paid to Golf: Inside & Out at the time the coupon is redeemed.

the deal includes:

Playing your best golf ever! The three-hour golf training program includes a training manual, drills for skills improvement for putting, short game or full swing; a drill to take a student from skill level to habit level; mental techniques for improved focus; practice and game routines. Flexible group scheduling to accommodate busy golfers.
